

Company Gift Matching for Donations

Many companies provide matching funds for employee donations to non-profit institutions. If your company has such a program, take advantage of it to make the most of your donation to the Holy Family School Capital Campaign!

What you can do:

- ◆ **Check with your company's Human Resources department to see if they have a matching funds program.**
- ◆ **Make sure Holy Family School is on their list of approved organizations. If not, request that it be added and the school will work with your company to get on that list.**
- ◆ **When you make your donation to Holy Family School, report it according to your company's procedure.**
